

JEBSENS MARITIME INC. WITNESSES THE SWU MARITIME REGIMENT RECOGNITION

Keeping to its promise of having a maritime regimental program in the south that is similar to that of the PMMA, the Southwestern University Maritime Regiment through the management of Seacrest Maritime Foundation, has proven that it can develop highly disciplined and academically competitive cadets as manifested during the Recognition Ceremony and Turn-over of Command held on March 21, 2010 at the Aznar Ball Park grounds in Cebu City.

Jebsons Maritime was there to witness the affair as invited guests of the Maritime Regiment and Seacrest Maritime Foundation. The Business Development Manager for Training (HTCI), Capt. Irnest A. Tolentino, and Engr. Fritz R. Lim, Recruitment and Office Manager of Cebu Satellite Office attended the affair in recognition of SWU Maritime Regiment's first batch of graduating class. JMI was the first among the manning agencies they partner with to recognize and believe on their graduating class, and thus, got their top students and the majority to get onboard JMI's fleet.

The afternoon affair was attended by no less than the PMMA President, Rear Admiral Fidel Diñoso, MM, as the Keynote Speaker of the graduating class and took time to recognize their academic success and preparation to their shipboard training. Rear Admiral Diñoso further recognizes SWU as the PMMA of the South with its Regimental Cadet Program.

The first batch of cadets, all deck cadets, is already taken by four manning agencies with Jepsens Maritime taking the bulk of the batch at more than 60 percent and are intended for the principals of JMI, more particularly for Roymar Shipmanagement, who was also represented in the affair with Capt. Alfredo V. Vidal, their Crewing Manager. Capt. Alfredo Vidal gave the inspirational talk to the graduating class as a product of PMMA and its maritime regiment program.

The day ended with a dinner, a Grand Ball and Ring-hop Ceremony at the Grand Ballroom of Alta Vista Golf and Country Club.
